The boy-wonder physician turned to Junior again and assumed an expression of compassion so inauthentic that if he'd been playing a doctor on

even the cheesiest daytime soap opera, he'd have been stripped of his actor's-union card, fired, and possibly horsewhipped on a live television special. "We'll be doing the procedure this afternoon, so I wouldn't want to give you anything much for the pain just prior to anesthesia and sedation. But don't you worry, Mr. Pinchbeck. Once we've lanced these boils, when you wake up, ninety percent of the pain will be gone." Max hung up. The Ansaphone made a series of small robot-mouse noises and then fell silent. Tom Vanadium was too unnerved by the Cain scare to be interested in the newspaper anymore. The strong black coffee, superb before, tasted bitter now. Getting out of the stuffy car into air much chillier than it had been when he'd left this place, Junior stood unsteadily as the police and the paramedics gathered around him. Then he led them through the wild grass to Naomi, moving haltingly, stumbling on small stones that the others navigated with ease. do further testing, of course, but not until he's been stabilized at least twelve hours. Personally, I don't think we'll find any physical cause. Most likely, this was psychological-acute nervous emesis, caused by severe anxiety, the shock of losing his wife, seeing her die. The paper towels were spotted with butter. He crumpled them and threw them in the trash. Last night, in the superintendent's basement apartment, as they shared a bottle of wine, Sparky had told Vanadium numerous weird tales about Cain: The Night He Shot Off His Toe, The Day He Was Saved from a Meditative Trance and Paralytic Bladder, The Day the Psychotic Girlfriend Brought a Vietnamese Potbellied Pig to His Apartment When He Was Out and Fed It Laxatives and Penned It in His Bedroom ....it to the granite-topped secretary, and sat in front of the telephone. Previously, Focus. Get Ichabod all the way inside. Act now, think later. No, no, proper focus requires an understanding of the need to: scrutinize, analyze, and prioritize. Get the bitch, get the bitch! Slow deep breaths. Channel the beautiful rage. A fully evolved man is self-controlled and calm. Move, move, move! Applying his intelligence now, he employed simple meditation techniques to calm himself and to slow his heartbeat. The cop was trying to rattle him into making a mistake, but calm men did not incriminate themselves. Considering Junior's actions on his last night in Spruce Hills, eleven months ago, he must be cautious now. Without incriminating himself, pretending ignorance, he hoped to learn if his carefully planned scenario, regarding Victoria's death and Vanadium's sudden disappearance, had convinced the authorities-or whether something had gone wrong that might explain the quarter at the diner. Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever. He decided to use the tool just three times on each deadbolt before trying the door. The less noise the better. Maybe luck would be with him. Now the hole was revealed. Damp earthen walls. In the shadow of the casket, the bottom of the grave was dark and hidden from view. would allow herself to feel the loss, the misery against which she was now armored. Phemie deserved dignity in this final. He half expected to hear Thomas Vanadium in the distance, softly singing "Someone to Watch over Me." Whereas the lone heart at the center of the rectangular white field inspired amazement and delight in her brothers and in Maria, Agnes reacted to it with dread. She strove to mask her true feelings with a smile as thin as the edge of a playing card. Tom stared at the girl's drawing- quite a good one for a child her age, rough in style, but with convincing detail- and if skin could be said to crawl, his must have moved all the way around his body two or three times before settling down again where it belonged. "Are these ... ?" Barty, at the head of the table, sensed Mary's approach only as she was about to touch him. She put a hand on his arm and said, "Daddy, will you turn your chair away from the table and let me sit on your lap?" "May 14, 1845, in Canton, China, a theater fire killed sixteen hundred seventy. On December 8, 1863, a fire in the Church of La Compana, in Santiago, Chile, left two thousand five hundred and one dead. One hundred fifty perished in a fire at a Paris charity bazaar: May 4, 1897. June 30, 1900, a dock fire in Hoboken, New Jersey, killed three hundred twenty-six. . .". Junior closed his weary eyes and gratefully submitted as the paramedic wiped his greasy face and his crusted lips with a cool, damp cloth. Immediately at the thought of regurgitation, his abdominal muscles contracted like those of a laboratory frog zapped by an electric current, and he choked on a rising horror. Jacob grunted, but probably not because he'd heard what had been said about him, more likely because he'd just turned the page to find a photo of dead cattle piled up like driftwood against the American Legion Hall in some flood-ravaged town in Arkansas. Junior decided to attend the festivities, after all, motivated by the prospect of connecting with a woman more pliant than the Bavol Poriferan sculpture. "Wouldn't dream of asking you to make it a habit. Just this one time. If anguish, why not guilt?" Because the glass wings of the open window didn't lie flat against the exterior wall, they blocked his view. He had to thrust himself farther through the opening, until he seesawed on the sill, before he could see the length of the entire block, in which the gallery stood at approximately the middle. This thought startled Agnes, disturbed her- yet, inexplicably, it also poured a measure of warm comfort into her chilled heart. Martinis were ordered all around. None here observed a vow of absolute sobriety. More likely than not, he would cross Bartholomew's path when he least expected, not as a consequence of his searching, but in the normal course of a (lay. If that happened, he must be prepared to eliminate the threat immediately, by any means available to him. "Three hundred and ninety-six of the dead were children under the age of ten," Jacob continued. "A passenger train was tumbled off the tracks, killing twenty. Another train with tank cars got smashed around, and oil spilled across the flood waters, ignited, and all these people clinging to floating debris were surrounded by flames, no way to escape. Their choice was being burned alive or drowning." Something was due to happen in this peculiar, extended, almost casual haunting under which he had suffered for more than two years, since finding the quarter in his cheeseburger. While all around him in the streets, people bustled in good cheer, Junior slouched along in a sour mood, temporarily having forgotten to look for the bright side. His request felt like an assault. Agnes almost rocked backward as though struck. "Oh, my Lord," Chicane groaned as he and Sparky half carried Junior into the bathroom. Rising slowly like the blade in the hands of an ax murderer as deliberate as an accountant, Thomas Vanadium's gaze arced from Junior's clenched fist to his face. Junior must have shouted shut up more than he realized, because the neighbors began to pound on the wall to silence him. Perhaps Dr. Parkhurst, too, was disturbed by this fascistic and fanatical spew sampling, because he became brusque. "I have a few appointments to keep. By the time I make evening rounds, I expect Mr. Cain to
